Najad 355 / 2007

A 'world class' yacht

The aim for the successful design of the Najad 355 was to create a luxury, highly exclusive and superb sailing yacht, capable of being handled in safety by a crew of two persons.

Superb sailing characteristics, ergonomic deck layout and a large comfortable cockpit is particularly eye-catching

A truly breath taking interior design from Rhodes Young incorporates a two cabin layout with spacious heads and separate shower compartment and the interior fit and finish is typical Najadvarvet - practicality combined with superb craftsmanship at every level.

Najad 355 is equally suited to the ocean adventurer as to the gentler life of costal cruising and island hopping.

Challenge yourself - built to handle the seven seas and a cockpit dinner for eight...
